

play outside. play smart.

Voyager Rock Speakers are each designed to resemble natural rock formations and provide advanced audio solutions for "outdoor soundscaping" in all types of environments.

*River Rock*

*Sandstone*

*New England Granite*

Voyager® Rock Speakers

## Think outside the house.

Boston Voyager Rock Speakers are designed to blend gracefully with virtually any outdoor décor and are specially voiced for open-air environments. These tough and durable outdoor speakers feature rustproof hardware, grilles, and connectors and are designed to withstand the harshest weather and temperature extremes. Each model also features a recessed weatherproof cavity on the bottom that can house an optional 70/100 volt transformer for use in light commercial installations.

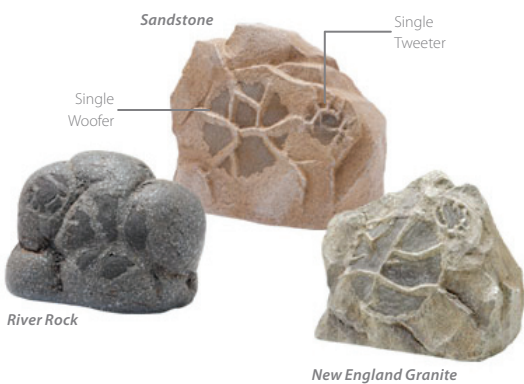

## What it means to be from Boston.

Many manufacturers design speaker systems around third-party, off-the-shelf parts. Boston Acoustics engineers every component of every system to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything from the choice of materials to the details of fit and finish. It's how we've been exceeding the expectations of serious listeners for nearly thirty years.

### RK6T2/RK8T2 (single speaker stereo)

The Voyager Rock Speakers RK6T2 and RK8T2 are stereo models that employ a dual voice coil woofer and dual tweeters capable of providing stereo sound from a single speaker. The RK6T2 contains a 6½-inch bass unit and the RK8T2 has an 8-inch bass unit.

**The RK6T2 and RK8T2 are available in three different rock formations: River Rock, Sandstone, and New England Granite.**

### RK5 (single channel)

The RK5 is configured as a single channel speaker and includes a 5¼-inch bass unit and ¾" tweeter. Use two RK5s to support stereo left and right channels.

**The RK5 is available in three different rock formations: River Rock, Sandstone, and New England Granite.**

Specifications	RK8T2	RK6T2	RK5
<b>Bass Unit</b>	8" (200mm)	6½" (165mm)	5¼" (135mm)
